# Introducing **A Company You Can Trust...**

## A friendly approach to improving your home

We've built a successful business on our friendly approach to home improvements. With years of experience providing high-quality windows, doors and conservatories to customers in Kent we're perfectly placed to help you make the right decision about transforming your home and lifestyle.

Headway's hard-earned reputation has been achieved because we only employ experienced installation technicians and estimators. Along with having the finest products in the business, it's key to your quality installation. First, you will receive sound advice, and with an in-house planning and building regulations department you can be rest assured your installation will comply with all regulations. Then your doors, windows or conservatory are professionally fitted to the highest possible standard for your lasting satisfaction.

Please forget your preconceptions about double glazing companies. We're not all alike! We pride ourselves on our local work, don't use pushy sales techniques or offer false discounts, and so can be trusted because we've got a hard-earned local reputation to maintain. In fact, most of our business comes from happy customers who recommend us to friends and family.

**All of Headway's customers are provided with the additional safeguard of an insurance backed deposit indemnity and insurance backed 10 year guarantee. In addition to this protection, Headway will supply you with their 10 year guarantee and all energy and building regulation (FENSA) certification.**

Get to know our friendly team and discover how passionate we are about what we do.

**We always give our customers the last word...**

## What our clients say

“ Fitters were very professional and also very friendly and made the experience painless and a pleasure. Would be very pleased to recommend both products and your service. ”

**Mr & Mrs Kennedy**

“ We have recommended your company to a friend who is moving in shortly, and always do this as we are happy to recommend a company that we consider first class. ”

**JC & AE Carte**

“ Your fitting team were excellent at all times and all office staff were helpful as well. Well done Headway. ”

**Mr & Mrs Beaney**

“ The windows and doors fitted by Headway are of extremely high quality and we are very pleased with our choice of company. ”

**Mr & Mrs Furlong**

“ First Class service in every way excellent customer service from all departments. ”

**Mr Dumphreys**

# Introducing Our Window Collection...

## More than just a window

Our windows will transform your home like no other PVCu product. We believe they're the best on the market; that's why we offer them to you.

Your home is your security. A place to relax, work and play. It holds memories and is your investment in the future. That's why it's important for you to choose carefully from our range of high-quality products.

Choosing from Headway's Window Collection means you can be sure your windows will always be built to your specification, using the highest quality materials and years of expertise. The result? Practical, elegant windows that enhance and protect your home. Each one expertly designed and made; a thing of beauty, security and durability.

Professionally-designed, all our products keep your home warmer and cosier, quieter and reassuringly secure. Using the most thermally efficient products available as standard, that will keep your energy bills low and help conserve the heat produced in your home and minimise heating costs. Our range of thermally efficient windows carry the latest energy-rated certification with BFRC and are supplied as standard with A-Rating certification. This can be further enhanced with the installation of 36mm Triple Glazing increasing the Rating to A+.

Made to any specified dimension. They're an architectural classic, offering a huge range of designs, frame colours, glazing options, handles and window board finishes. The choice is yours.

The contemporary styling of our windows includes slimmer frames which are sleek, unobtrusive in appearance and maximise the area of glass in your home. That means more natural light in your home and a clearer view of the outdoors.

# Introducing The Door Collection...

## Redefining your grand entrance

Headway offers an exclusive range of designs, style options and accessories. Every door we install is unique. Not only is each one made to your exact size requirements, but every aspect from the design, colour and glazing, down to the detail of door furniture is also chosen by you.

There is a wealth of options available for you to create a new door that is totally unique. We offer a vast range of doors from Traditional Timber, PVCu or the popular timber look alike Composite door range, consisting of both period and contemporary designs.

**With over 200 styles to choose from you really are spoilt for choice.**

Our doors have been designed and built to withstand all weather conditions; they offer high levels of resistance to even the most extreme conditions whilst still being virtually maintenance free.

To ensure your peace of mind all doors are highly secure, each is fitted with multi-point locking system, security hinges and secure glazing panels to make sure that any unwanted visitors are kept out of your home. Our doors also offer excellent soundproofing as well as highly efficient thermal insulation.

# Introducing The **Bi-Folding Door Collection...**

**Bringing the great outdoors into your home**

Our panoramic bi-fold doors seamlessly connect your outdoor and indoor living space. These superb panoramic doors offer the latest in design, quality and performance with low maintenance. Once folded back, they create a large opening that effortlessly glides on stainless steel rollers creating that maximum use of space and light.

With ultra-slim frames for larger glazed areas, enhanced safety features and ultimate energy efficiency they will be a great addition to your home.

Our bi-fold doors are available in a wide variety of colours and finishes, giving you the ultimate choice.

# Sliding Folding Door System

This series of folding doors is mostly used in hotels and restaurants, stores and in private houses, in order to open a complete wall to create a larger space in the summer.

The system is also ideal for conservatories to use as a screen you can open completely during fine weather.

# Introducing The French/Patio Door Collection...

## **Bring the outside in, every type of door for every style of home**

Imagine throwing open your new French doors on a beautiful summers morning. Think of the style and spaciousness that you and your family will enjoy. The fresh air, light and enticing summer aromas when the weather's warm and the advantages of durable, low maintenance, energy efficient French doors.

**Our French doors create space and functionality as well as having beauty, style, safety and security.**

Patio doors are stylish, contemporary, practical and perfect for enhancing your home.

**Imagine looking out over your patio and garden, or enjoying the flood of natural light into a favourite room. Whatever the season, our patio doors add wonderful new dimensions to your home.**

Each elegant French or Patio door is designed and made just for you. Choose from a great range of styles and glazing options. And relax, knowing high-spec materials and advanced security features are keeping your most valuable asset and its contents safe.

# Introducing The Conservatory Collection...

## Headway's bespoke conservatory range, designed to transform your home

Choosing a Headway conservatory means you can be sure your conservatory will always be built to your specification, using the highest quality materials and years of expertise.

Nothing brings you closer to the great outdoors than a Headway conservatory and with the superior thermal properties of our products you can enjoy your space all year round.

With our computer-aided design service we can help you carefully match styles and materials so that your new conservatory is a seamless continuation of your main home, inside and out. Every detail, from window types to roof crests, can be designed and built to blend or contrast to ensure it draws admiring glances from everyone who visits your home.

Whatever your requirements, a luxury dining area, second lounge or playroom, imagine using the extra space that a conservatory gives you, and how it will transform how you live all year round.

Choosing the right conservatory is a big decision. Your choice must not only complement your home but also fit your ideas and dreams, that's why, whether you choose an Edwardian, Victorian, bespoke or the simplicity of our Lean-to conservatory, it's important for us to help you make the right choice. With so many options and help from our designers, you have the freedom to choose the conservatory that's right for you.

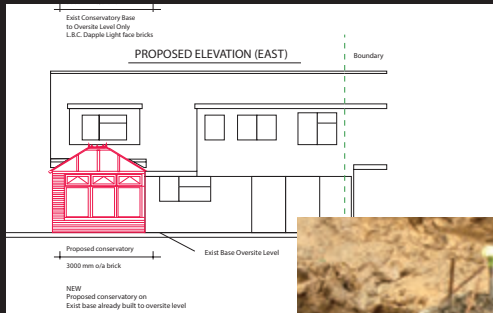

Should you wish to view further details on any of our products, just ask one of our team who will be happy to forward a more detailed brochure.

A conservatory is quite simply the most effective way of expanding your living space and enhancing the value of your home.

# Transforming Your Home With A Headway

A correctly designed and built conservatory is a spacious light-filled extension to your home. Bright throughout the day, making the most of the natural light being thrown in from above, and cosy or intimate at night to suit your mood. We cater for your every whim, making your conservatory absolutely unique, a one-off reflection of your true taste.

1. Careful planning
2. Piling undertaken

With an in-house planning & building regulations department, qualified surveyor, structural engineer, builder & piling professionals no project is too big or too small, you can be rest assured your new conservatory has been expertly designed and built to last.

## VICTORIAN

This is one of our most popular conservatories. Imagine how its elegant three or five-facet design, easy adaptability to large or small gardens, and a selection of roofing options will complement your home.

## LEAN-TO

A practical, contemporary and economical solution. With a Headway Lean-to conservatory, you'll maximize space and get the most from your home improvement budget. To tailor your conservatory even further, this style can be finished with a hipped ended roof.

# Conservatory Brings Exciting Choices...

## EDWARDIAN

The best design to utilise the internal space with its practical square-fronted design, distinction and usability go hand in hand with timeless good looks.

## ORANGERIES

Growing fast in popularity an orangery is a real statement and is more than just the addition of an extra room to your property. With an internal ceiling area, you really can create the wow factor when designing your orangery.

## BESPOKE

A bespoke conservatory has limitless possibilities, so if a standard design does not fit your space or ideas; a Headway bespoke conservatory is limited only by your imagination. Talk to our conservatory designers about the possibilities.

# Introducing The **Vintage Collection**...

**The next generation of windows has arrived,  
exclusively at Headway**

## **Headway's Timber alternative Stormproof and Flush Casement ranges**

Our Storm and Flush Casement ranges offer all the aesthetics of timber, using a simplicity that showcases the excellence in joinery and craftsmanship, coupled with benefits of modern state-of-the-art technology, improved energy efficiency and greater security features.

**Quite simply, our Storm and Flush range is totally unique and offer you a new style of window that is both practical and outstanding without the expense and high maintenance of standard timber windows.**

The Storm and Flush ranges have been designed to replicate period features that are normally only found with traditional joinery. These features range from the exquisite wood effect and Ovalo detailing through to the choice of specialist period design ironmongery which further enhances the traditional design. This attention to detail plus the warm and welcoming style ensure that your Storm and Flush Casement range windows will retain their curb appeal and good looks for many years to come.

Our Storm and Flush windows are available in a range of colour options, plus complementary accessories and glass options – all you need to do is choose which combination is the best choice to suit your home.

# A World Of Choice

## A Splash Of Colour

The choice of colour and finish is truly yours

Painted Finishes   Metallic Finishes   Wood Effect Foils

Headways products are **A Rated as standard** as we only use the most energy efficient products.

We will answer any questions you might have?

To further **enhance noise and thermal insulation** our windows can be upgraded by specifying **Triple Glazing**.

The right choice of accessories can transform your door into a real statement about style.

## Set-off With The Right Hardware

Choose the right style to suit you from our extensive range, from contemporary to wrought iron monkey tail.

Window furniture; handles and knockers to create or enhance any look.

Finishing touches...

## A variety of finishes...

# Introducing Our **Timber Collection**...

## **Real timber windows & doors with honest charm and character**

Our timber collection of windows and doors bring to traditional British joinery 21st century standards of insulation, security, low maintenance and all year round performance, without compromising visual appeal.

Multi-layered timber sections that are engineered to provide resistance against twisting and jamming, glazing units that are almost twice as effective as ordinary double glazing, concealed drainage systems that reduce the incidence of sealed unit failure, high performance coatings that provide maximum protection for minimal maintenance and advanced perimeter locking systems are just some of the innovations that are 'designed in' as standard within our range.

**We offer a range of species of Hardwood, Softwood and of course Oak in many colour and stain finishes. Painted prior to assembly to best protect the timber from moisture absorption and is essential for longevity.**

Our timber collection offers Flush and Stormproof windows, Sash windows, Front doors, French doors and Bi-Folding doors with an array of tailor-made ironmongery to suit your style of property.

ABC

# Introducing Our Aluminium Collection Of Windows & Doors...

## Style and strength without compromise

Owning a heritage or listed building comes with the responsibility that you are conserving a piece of history and often this means you are restricted to what you can and can't do with your windows. The heritage and style of your residential property is reflected in the appearance of your windows and doors and this is something not lost with our collection of aluminium products.

**Our high quality aluminium windows and doors are recognised as the preferred choice by many architects, planners and home owners.**

We offer practical, elegant aluminium windows and doors that enhance and protect your property. Each one expertly designed and made; a thing of beauty, security and durability installed by craftspeople that care.

Made to virtually any specified dimensions. They're an architectural classic, offering a huge range of frame colours, glazing options and handles, the choice is yours.

# Introducing The Sash Window Collection...

## An Exclusive Range Of Custom Made Sash Windows

We do not expect you to be sash window experts, that's our job and we want you to be proud of your home and completely satisfied with the choices you make. Headway's collection of sash windows is absolutely breathtaking and you will not be disappointed.

**Elegant Proportions** – Superior Torso spring balances allow sashes to glide smoothly. In addition, the Georgian panes are equalised in the frame, meaning your windows will look perfectly balanced.

**Traditional Features** – We have reproduced the staff bead frame detail whilst the sashes and external Georgian bar have putty line edging to recreate the traditional putty lines. In addition, our Vintage Collection's lower rails of both upper and lower sashes give a butt jointed appearance rather than the diagonal weld line associated with PVCu windows.

**Continuous Horn Detail** – Most window manufacturers try to recreate this feature through the addition of a 'bolt-on' shaped uPVC part to the bottom of the welded top sash. We offer an alternative option, where instead we extend the jambs of the upper sash and precisely mill the ends to form a continuous horned effect which is far more pleasing to conservation officers and to those who appreciate traditional styling.

**White Woodgrain Foil Effect** – Our Vintage Collection is available in the subtle but absolutely stunning white woodgrain which gives the appearance of a freshly painted wooden sash window.

Always a picture with **Headway**
